Asimismo, se aclara que considerando que el llamado es Contrato Abierto por montos mínimos y máximos, si bien se contemplan todos los posibles trabajos a realizarse, la ejecución de contrato se dará conforme necesidad de la Institución.

Por lo que se establece montos mínimos y máximos de los lotes, no así de cada ítem o sub ítems, por ejemplo "mantenimientos correctivos" por más que estén contemplados en la planilla pueden no ser requeridos durante la vigencia de contrato.

Por todo lo expuesto anteriormente respetando la naturaleza del contrato abierto y para una correcta ejecución de contrato se establecieron montos mínimos y máximos de cada lote.

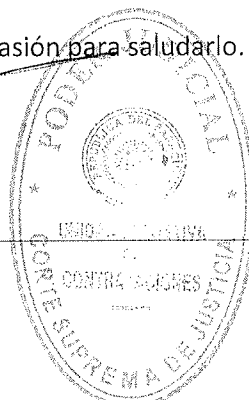

2) Esta convocante estableció en el modelo de contrato específicamente en la cláusula "identificación del crédito presupuestario para cubrir el compromiso derivado del contrato" cuanto sigue:
